

List all companies, the capital cost for meeting NC, the O&M cost for meeting NC, and the annualized cost of meeting NC.

WERF study shows that diminishing returns come in between WERF Level 3 and 4 for , and WERF Level 4 and 5 for .

Agenda:

- 1) What existing EPA guidance on private firms can we use?

Profit test

- 2) What new ideas can we bring to the table?
  - a. Are there any silver bullets (findings) that would make life easy and data collection minimal or unnecessary?
  - b. Focus on “tipping points” for companies
  - c. Focus on essential industries in Montana with wide-reaching impacts such as the refineries which supply almost all of Montana’s liquid products
- 3) Data concerns
  - a. What data needed
  - b. Legal concerns
